the remedy you select may be of mineral or vegetable or animal origin or a nosode if you are considering a mineral remedy before giving a mineral remedy please try to begin the treatment of your case always with a vegetable remedy except lycopodium

the book is a concise and very readable guide to case study research it includes a good introduction to the theoretical principles underlying qualitative research and discusses a wide range of qualitative approaches namely naturalistic holistic ethnographic phenomenological and biographic research methods stake offers some useful practical advice for example on how to conduct in depth interviews how to analyze qualitative data and on report writing stake writes in a rather unusual and very personal style but this makes the text very readable the author s obvious passion for research makes the text even more enjoyable and stimulating the book seems particularly appropriate for those undertaking this type of research in the fields of education and social policy ivana la valle in social research association news it is gratifying to encounter a text so cogently advocating the case study method aka naturalistic fieldwork as a legitimate knowledge enhancing endeavor sala horowitz in academic library book review i have just finished a qualitative case study based almost entirely on interviews with engineering students the two sources on which i depended most heavily were robert e stake s the art of case study research and harry f wolcott s writing up qualitative research i have heard others sing the praises of different works and i have referred to them but favor the two mentioned terry c hall ed d independent scholar this volume consolidates and elaborates ideas robert e stake articulated in earlier journal articles and chapters in a form that is useful and readily accessible to both practitioners and students of educational research methods his unusually personal presentation style and innovative format for sharing practical tips through authentic examples add to the main treasure of his new book an incomparable sophistication about research epistemology and practice his vast experience in the field and in the classroom and his intimate knowledge of the literature intersect providing the reader with an unusually comprehensive portrayal of a specialized field the art of case study research is a significant contribution to research methodology literature and will undoubtedly assume quick popularity as a text linda mabry indiana university bloomington a concise and readable primer for doing case study research the fruit of many years of experience and wisdom robert e stake s book is also valuable as a genuine attempt to integrate rather than pick arguments with the best there is of contending approaches to qualitative inquiry a michael huberman harvard university and the network inc the art of case study research is most useful to novices in

qualitative inquiry i could see using it in combination with other texts or readings in an introductory course to qualitative research methods or in a research methods survey course because of its readable style and wellspring of examples and helpful suggestions both graduate and undergraduate students will find the book useful researchers seeking to more fully understand the case study approach as perceived by one of the leaders in case study work will also pick up this book researchers and policymakers in social service agencies may also be interested because case studies are increasingly part of evaluation strategies corrine glesne university of vermont unique in his approach and style robert e stake draws from naturalistic holistic ethnographic phenomenological and biographic methods to present a disciplined qualitative exploration of case study methods in his exploration stake uses and annotates an actual case at harper school to demonstrate to readers how to resolve some of the major issues of case study research for example how to select the case or cases that will maximize learning how to generalize what is learned from one case to another and how to interpret what is learned from a case uniquely this book legitimizes direct interpretation as a case research method it covers such topics as the differences between quantitative and qualitative approaches to case study data gathering including document review coding sorting and pattern analysis the roles of the researcher triangulation and reporting a case study also provided are end of chapter workshops that help students focus on new concepts written with the inspired and thought provoking style of a master storyteller the art of case study research helps readers chart their way through the labyrinth of case study research

as the number of stranger on stranger crimes increases solving these crimes becomes more challenging forensic illustration has become increasingly important as a tool in identifying both perpetrators and victims now a leading forensic artist who has taught this subject at law enforcement academies schools and universities internationally off

vol for 1867 includes illustrated catalogue of the paris universal exhibition
